### Default repository permission

The isomerpages organization has their default repository permission set to read. This means that every member of this organization has read access to this repository, regardless of the team and collaborator access specified below.

You can change or remove the default repository permission setting on this organization's [member privileges page](#).

### Teams

+ Create new team

core	Core team running Isomer Pages for the ...	Admin	×

**Search by username, full name or email address**  
You'll only be able to find a GitHub user by their email address if they've chosen to list it publicly. Otherwise, use their username instead.
